Bio-Fruit is a unique blend of concentrated fresh fruits compressed into an easy-to-take capsule. We all know the importance of eating fruit daily and Bio-Fruit ensures that the body gets enough fruit on a daily basis for a balanced diet. Bio-Fruit gives the body the phytonutrients found in 15 fruits including much needed antioxidants, bioflavonoids and enzymes. Bio-Fruit can also help lower overall pH. There has been a great deal of research on polyphenols and their powerful antioxidant capabilities. They are also great free radical scavengers.

The FDA and the Department of Agriculture have said to consume more fruits and vegetables every day. Many people don’t. Now get all that nutrition in easy to swallow capsules each day. Each capsule is equivalent to 3/4 ounce of fruit. It is recommended that each capsule is consumed with at least 4 ounces of water to fully reconstitute the fruit contained in each capsule. Bio-Fruit is a proprietary blend of juice extracts from oranges, pineapples, apples, tangerines, grapes, mangos, papayas, cranberries, grapefruit, pears, lemons, limes, cherries, strawberries, and apricots.

Bio-Fruit provides the following nutritional benefits:

- It can help lower your overall pH
- It increases energy levels in the body
- It improves immunity
- It improves your general joint health and mobility
- It contains powerful antioxidants that protect the body from free radical damage and helps to reduce the signs of aging
- Promotes a healthy heart and liver by balancing the pH of the body
- Encapsulated highly concentrated fruit juices are assimilated rapidly by the body for quick results

Ingredients: Orange juice, pineapple juice, apple juice, tangerine juice, grape juice, mango juice, papaya juice, cranberry juice, grapefruit juice, pear juice, lemon juice, lime juice, cherry juice, strawberry juice, and apricot juice.

Serving Size: 6 Capsules
Servings Per Container: 30
Bio-Fruit is an important component of any diet
Bio-Fruit is a blend of freeze dried concentrated fruit juices that help with monitoring normal body pH. It is also an excellent source of free radical scavengers and antioxidants.

Processing
On-site labs are constantly monitored and tested by expert chemists and microbiologists to ensure consistent quality of raw materials, product batches, and finished products.

Vitamin and mineral analyses are conducted to validate the product content and specifications of Bio-Fruit, assuring high quality.

No Additives
This product contains no sugar, starch, salt, preservatives, artificial colors, flavors or additives, and no corn, wheat, yeast, soy, or milk derivatives.

Manufacturing Standards
MBi Nutraceuticals operates its own manufacturing facility. Our standard operating procedures are based on “Current Good Manufacturing Practices”. MBi ensures the highest quality nutraceuticals by applying our manufacturing procedures to every nutritional, herbal, food, homeopathic, and personal care product we make.
